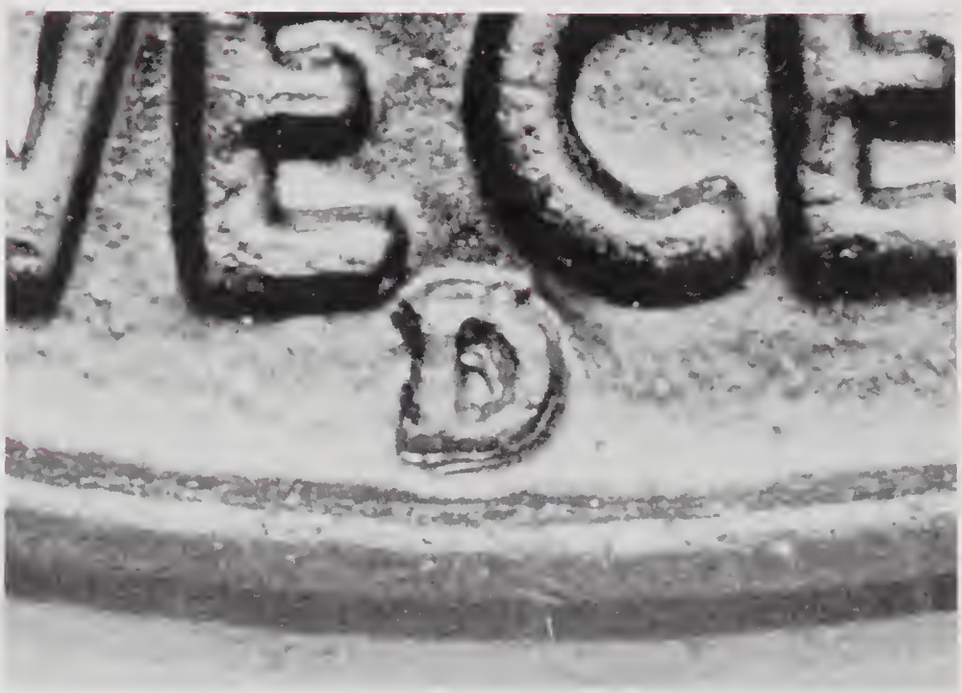
Good News For Nickel Collectors!



Enlarged photo of D/S mintmark

Good news! Paramount now has available several beautiful examples of the elusive 1938-D/S Buffalo nickel in brilliant Mint State 65 condition for just $45.00 each! This desirable *dual mintmark* nickel was *unknown* until a collector accidently discovered it in the early 1960's. Since then, it has appeared in sixteen consecutive editions of *A Guide Book of United States Coins* (Red Book) by R.S. Yeoman. Without question, this popular coin is an absolute *must* for the collector!

Important! The specimens we offer are the much more desirable *Variety 1*. Only on this variety does the "S" mintmark show clearly beneath the "D".

In 1938, Buffalo nickel dies were prepared with the "D" and "S" mintmarks, but because the Jefferson nickel was to be introduced soon, the Buffalo nickel was struck only in Denver. To save time and money, the dies originally intended for the San Francisco Mint were restamped with the "D" mintmark and sent to Denver. This created the famous 1938-D/S Buffalo nickel. No one knows for certain how many dies were restamped, but in sixteen years of searching, *only two dies have been positively identified!*

Hurry! We certainly do not expect the specimens we have in stock to last long. To assure yourself of obtaining a lustrous MS-65 1938-D/S nickel, mail your order today!

Mint Director Says New Smaller Dollar Coin May Be Issued Next Year!

That's why we call the Ike Dollar: "THE DOOMED DOLLAR"

A new, smaller dollar coin may replace the Eisenhower Dollar as early as next year according to a press release by Mint Director, Stella Hackel. The new coins will be suitable for many vending machine applications. It is even hoped that the new proposed smaller dollars will replace the dollar bill since the coins will cost no more to produce and will have a much longer life in circulation than paper dollars.

Naturally, this means the traditional 38.1 mm dollars may become another bit of U.S. history. As such, the older and larger dollars could easily become extremely popular (they already *are very* popular). Prices *could* increase dramatically if the demand outstrips the supply.

As a matter of record, the Eisenhower series contains several dates with exceptionally low mintages as can be seen on the chart below:

1971	(47,799,000)	1974	(27,366,000)
1971-D	(68,587,424)	1974-D	(45,517,000)
1971-S Silver	(6,868,530)	1974-S Proof	(2,617,350)
1971-S Silver Proof	(4,265,234)	1974-S Silver	(1,900,000)
1972	(75,890,000)	1974-S Silver Proof	(1,314,608)
1972-D	(92,548,511)	1976 Type I, 1976 Type II	(117,337,000)
1972-S Silver	(2,193,056)		
1972-S Silver Proof	(1,811,631)	1976-D Type I, 1976-D Type II	(103,228,274)
1973	(1,767,691)		
1973-D	(1,767,691)	1976-S Type I Proof	(2,909,369)
1973-S Proof	(2,769,624)	1976-S Type II Proof	(4,149,730)
1973-S Silver	(1,883,140)	1976-S Silver	(4,239,722)
1973-S Silver Proof	(1,005,617)	1976-S Silver Proof	(3,295,714)

The sets we offer will include one of each of the above 26 coins. As you can see, the proof-only issues from the San Francisco Mint are quite scarce as are the 1973 Philadelphia and Denver issues. Each set includes a bookshelf type album, too!

Don't wait! Order your set of "Ikes" now *before* the series is possibly discontinued.

1900-O/CC SILVER DOLLAR

Note the trace of the "CC" mintmark.

(Enlarged photograph of the famous O/CC mintmark.)

Make your silver dollar collection truly spectacular with the addition of the scarce and very popular 1900-O/CC Morgan dollar in Mint State 65. This scarce coin is probably the product of unused reverse Carson City silver dollar dies which were sent to the New Orleans Mint after the "O" mintmark was punched over the partially removed "CC" mintmark. As a result, this distinct O/CC mintmark was created!

The 1900-O/CC dollar is actively sought as part of the Morgan series by many collectors. Though listed in the Red Book, it is seldom offered due to its scarcity. But now you may obtain this Morgan dollar — but only if you hurry. We have managed to obtain only a few of these coins, and our rare coin buyers believe it would be extremely difficult for us to locate more than one or two additional pieces. Once they are gone, it may be a long time before we are able to offer them again. Order today.

1888-S Morgan Dollar — A Wide Selection

One of the keys to the Morgan dollar series is the 1888-S. Difficult to find in high grades, this coin is especially scarce in mint state. According to silver dollar expert Jim Osbon, only 2% of all 1888-S dollars on today's market are mint state. He further states in his book *Silver Dollar Encyclopedia:*

> *"This issue was greatly circulated and the melting programs of 1918-20 and World War II took their toll . . . Superb MS-65+ pieces are very elusive and proof-like coins are among the most difficult to find in the entire Morgan series."*

For those who would like to add this desirable coin to their collection, Paramount is proud to present what may be the greatest selection of mint state 1888-S dollars ever offered! Whether you are interested in obtaining a specimen in MS-60, MS-65+ Proof-like, or something in between — *we have them!*

This offering represents an unparalleled opportunity for the silver dollar specialist! No matter what your individual collecting taste may be, you will find an 1888-S dollar that will fit perfectly into your collection.

Your complete and total satisfaction is assured! Each dollar carries Paramount's exclusive SIX-MONTH MONEY BACK GUARANTEE. But hurry! The available supply is extremely limited. Once these dollars are gone, you may never again have the opportunity to choose from such a wide selection. Order now!

Struck Under U.S. Sovereignty — 1936 Philippines Commemorative Peso

In 1898, at the end of the Spanish-American War, the Philippine Islands were seceded to the United States by Spain. As a preparation for independence from the United States, the Philippines became a self-governing commonwealth in 1935. To mark this historic occasion, a special low mintage .800 fine silver Philippine commonwealth commemorative was struck in 1936. The obverse of this coin has the inscription "COMMONWEALTH OF THE PHILIPPINES" and features the conjoined busts of Governor General Murphy and Philippine's president, Quezon. The reverse shows the island's arms and the wording "UNITED STATES OF AMERICA".

Philippine coins struck while under U.S. sovereignty are becoming more and more popular with collectors in this country. The Murphy-Quezon one peso coin is an excellent example. Its only-year-of-issue status and mintage figure of just 10,000 is attractive not only to collectors, but investors as well. Undoubtedly, many of these beautiful coins were lost forever during the Second World War when the Philippines served as a major battleground. Who can say how many of these commemorative pesos remain for today's collector, and of those that do, how many can possibly be in choice mint state condition?

In this month's *Paramount Collector*, we are pleased to offer the Murphy-Quezon Philippine Commonwealth commemorative silver peso in lustrous Mint State 65 condition for only $150. Only a very small number of these coins are available. This is a wonderful chance to add this seldom encountered coin to your collection. Do not delay in ordering. In today's active numismatic market, the few pieces we have will probably not last long.

A COMPLETE 97-PIECE MORGAN DOLLAR SET FOR AN AVERAGE COST OF ONLY $23.20 PER COIN!

That's right! For $2250 ($23.20 per coin) you may own a complete set of Morgan Dollars, *in albums,* in Very Good to Mint State! Included are all dates and mints (less the excessively rare 1895-P and varieties) from 1878 to 1921. Think about it! You'll be getting the very rare 1893-S which alone sells for over $300 in Very Good. Other rare dates like the 1889-CC, 1894, 1895-O, 1895-S, 1899, 1903-O, all the "CC" dates, etc., are also included.

We have recently seen *minimum* quality sets (Good-Very Good) trading for $1500 on the wholesale market. Our sets are far superior with most coins grading Fine, VF, EF and *even Mint State! None will grade less than Very Good.*

The Morgan Dollar is *the most popularly collected series of U.S. coins.* This popularity is responsible for the dramatic increase in value these coins have seen in the last few years. While no one can predict the future, activity at recent coin shows indicates the Morgan Dollar's popularity is continuing at an all-time high. And of the hundreds of thousands of silver dollar collectors, only a small number will ever be able to claim that they own the 97-piece set.

Remember:

- **The average cost per coin is $23.20 (Common date cires sell for $6.00 or more!)**
- **All 97 coins are in albums!**
- **These are not minimum grade sets where most of the coins are only Good to Very Good. The set will average VF!**

Your satisfaction is guaranteed! Call our Rare Coin Department *Collect* to reserve your set!

THE 1970 BRITISH MILLENNIUM PROOF SET

The Historical Last Issue of Traditional British Coins

In 1970, the United Kingdom — England, Northern Ireland, Wales and Scotland — adopted decimal coins, thus closing a 1,200 year history of traditional coinage. Before the Battle of Hastings. Before the Magna Carta. All the way through the jet age.

Now all replaced, never to be used again.

Truly an heirloom proof set, the 1970 British Millennium Proof Set is one you'll want to own for historical reasons alone. Each of these exciting coins is a souvenir of the millennium of history during which they served as Coin of the Realm. Each is an official proof minted by the Royal Mint of Great Britain.

Contained within the set are eight intriguing coins plus a souvenir you'll surely enjoy:

- FLORIN — Would buy you a seat at the Theatre Royal in Covent Garden in 1849.
- ENGLISH SHILLING — A week's pay for a soldier at the Battle of Waterloo.
- THREEPENCE — One day's pay for a merchant sailer when Columbus discovered America.
- SIXPENCE — The fee for a single performance by an actor in Shakespeare's day.
- PENNY — Price of a pot of ale in 1291.
- HALFCROWN — Henry VIII paid this for enough roast beef to provide a week's gluttony.
- SCOTTISH SHILLING — A Scottish soldier's reward for enlisting in 1937.
- HALFPENNY — The cost of a British rifle bullet in 1914.
- A Royal Mint Medallion with the Mint Crest.

Beautiful to look at, fun to own and an historical look at life as it once was in the United Kingdom. Certainly a fabled collection of coins and one you'll be proud to share with family and friends alike. Order yours today. Remember, none of these coins will ever be minted again.

Popular Silver Dollar Type Set From Canada

Canadian silver dollars are known throughout the world for their exquisite beauty and rich detail. Among the most popular of all are the six only-year-of-issue 80% silver commemoratives issued between 1935 and 1967. These are the only silver commemorative dollars of this type Canada ever issued!

We have taken these six different silver dollars and have mounted them in a custom plastic holder. These six silver dollars are:

1935 — George V, Silver Jubilee Commemorative
1939 — George VI, Royal Visit Commemorative
1949 — Commemorates Entry of Newfoundland into the Confederation
1958 — British Columbia Commemorative
1964 — Commemorates the Charlottetown Meetings which led to Canadian Independence
1967 — Issued to Commemorate Canada's 100th Anniversary

Every coin comprising each set has been *hand-selected* for its brilliance and quality by a member of Paramount's Rare Coin Department. Of special importance is the fact that their combined mintage is quite small. For comparison, over *ten times* as many Eisenhower dollars were issued in 1971 than this combined mintage!

Naturally, quality coins such as these Canadian silver dollars are not available forever. That is why we say — order now!

Famous Americans

Scott #859-893

Issued in 1940, this is the longest United States Commemorative set (35 stamps). Obtaining this long set in uniformly choice condition is a very difficult task for a collector. Prices in recent months have reflected this and continue to rise. We were fortunate to put back a small quantity of these handsome stamps, and we are now giving our customers the benefit of our foresight. We offer the complete set of 35 stamps in fresh mint condition for $30.00. All stamps are nicely centered and never hinged. Do not miss this opportunity to add the Famous Americans to your collection while prices are still reasonable.

Civil War Cache

OBVERSE

REVERSE

You now have the opportunity to acquire an extremely rare experimental fractional currency note — direct from the days of the Civil War! Printed on membrane paper in late 1863, these notes (type Fr. #1283) were originally part of the famous collection of Spencer M. Clark, superintendent of the Bureau of Printing and Engraving during Abraham Lincoln's administration. The notes are uniface — printed only on one side with very intense black ink.

These experimental notes were first offered for sale in 1893 by New York dealer Ed Frossard. Mr. Frossard received permission from Secretary of the Treasury Foster to offer these notes to collectors *provided* the notes were hole-punched and stamped "SPECIMEN". As you can readily see in the picture, Mr. Frossard followed these instructions carefully and today, these notes are known to exist only this way.

A major new reference work on fractional currency has just been released. This book can only serve to heighten an already strong interest in this exciting field. Undoubtedly, increased activity will cause already scarce notes, such as the experimental notes we are offering, to become even more popular! You can easily envision what this may do to today's current price and limited supply. Before this happens — ACT NOW! Place your order today for this scarce and desirable experimental fractional note. Tomorrow may be too late!

South American Beauty
Only $7.95

A few months ago, we received a large selection of world currency from our London office. Included in this group was a number of intricately designed 1883 Ten Peso notes from the *Banco de Londres y Rio de la Plata* of Montevideo, Uruguay. For some unknown reason, perhaps a revolution or economic failure, the notes were never issued — and that is good news for you!

The unissued Ten Peso notes we offer measure approximately 3¾ inches by 8½ inches in size, and are crisp Uncirculated. Interestingly, they still have the register stub attached to the left side. This stub was intended to be kept by the bank for use as an anti-counterfeiting device. As each note was issued, it was to be cut from the stub in an irregular pattern. If there was any question about the genuineness of a note, it merely had to be compared to the remaining stub!

A portrait of Christopher Columbus is featured on the left side of the note; a child sowing grain on the right. The holes at the far left remain from where the bills were originally sewn together by the printer. You may add one of these attractive notes to your collection for only $7.95. Or, you may save $1.35 by acquiring three *consecutively serial-numbered* notes for only $22.50.

This attractive note is certain to appeal to every collector. And at just $7.95, who can afford *not* to add it to their collection! Order today.

Prices are rising for all choice mint state silver coins from Canada. This trend is especially obvious in the popular 5 cent silver series. Here are just some of the reasons why:

- All 5 cent silver coins are very difficult to locate in true mint state, some virtually impossible.
- Literally TONS of 5 cent silver coins were melted after the series was discontinued in 1921.
- Mintage figures are surprisingly small, attracting not only collectors but also investors.

The Canadian 5 cent silver coin circulated widely throughout the Dominion. Unfortunately, very few were saved in mint state condition, and of those saved — TOO FEW ARE NICE ENOUGH TO MEET THE DEMAND OF TODAY'S FUSSY COLLECTOR!

At $39.50 each, we consider the 1913 5 cent Canadian silver coins we are offering to be among the very best offers in this *Collector*. Many of these coins have acquired a lovely gold or rose toning during the sixty-five years they have laid undisturbed. Without question, they are among the finest 5 cent silver coins currently available on today's numismatic market! Do not let this opportunity pass without adding a 1913 5 cent coin to your collection. Mail your order today!

Israel Commemorative — A Babylonian Hanukkiya

One of the most festive holidays in the Jewish religion is Hanukka. Often referred to as the Festival of Lights, Hanukka celebrates the liberation of Jerusalem and the Temple by Judah Maccabee in 165 B.C.

In 1958, the Israeli government began issuing a series of commemorative coins for the Hanukka Festival. Over the years, this series has grown in popularity with collectors until today, it is perhaps the most favorite of all!

We currently have available a small group of silver 1973 Hanukka 5 Pound commemoratives in brilliant Proof. Featuring a Babylonian Hanukkiya (lamp), each coin comes mounted in its original case of issue.

Just 45,000 of the 1973 Proof Hanukka coins were issued — a very small number when compared to mintage figures in the millions for many of today's coins. This low mintage combined with the coin's great historical value, is certain to cause large interest in this offering. Do not delay in placing your order. Do it now!

From the Land of Barbary Pirates

From Tunisia — the land that produced the Barbary Pirates — comes a three-piece copper coin set guaranteed to please the world coin collector. This lovely Unc-65 set contains the ¼, ½, and 1 Kharub (Y-161, Y-162, Y-163). Each coin was issued for just one year, 1864 (AH 1281), and exhibits a beautiful golden toning.

If you collect century-old minor coinage from distant lands, you fully know how rare such coinage is — especially from an "exotic" country like Tunisia. The vast majority of the coins available are badly worn or otherwise impaired. Needless to say, this is a tremendous chance for the collector to acquire a truly outstanding set of desirable coins.

Anniversary Gold

Collecting world commemorative coinage is a popular segment of numismatics. Over the years, many of these specially issued coins have shown a remarkable increase in value. This has attracted not only a large number of collectors, but serious investors as well. Among issuing nations, Israel certainly has to rank among the favorites.

In 1973, Israel celebrated its twenty-fifth anniversary as a sovereign nation. This event was commemorated with an only-year-of-issue *gold* proof set consisting of the 50, 100 and 200 Israeli pound coins. The obverse of each coin features the Menorah (the official seal of Israel), while the reverse depicts part of Israel's Declaration of Independence.

The three-piece Israeli gold proof sets we offer are in their original rich olive wood presentation cases. All three coins have very small mintages — the smallest being the 50 pound coin with a mere 6,350 pieces existing. But best of all is the price of this exquisite three-piece set.

This low mintage, brilliant Israeli proof set is available for only $795. But order soon. We only have a few sets in stock. With the popularity of world proof sets — especially *gold* proof sets — we do not expect them to last long. Place your order today!

Three-Piece Arkansas Centennial Commemorative

The 100th anniversary of the admission of Arkansas into the Union was commemorated with a specially designed half dollar issued for five years, 1935 through 1939. This month, we are pleased to offer the popular three-piece 1936 Arkansas commemorative half dollar set containing one coin from each of the three mints — Philadelphia, San Francisco, and Denver. This is a low mintage set of which just 9,660 can exist. Naturally, the number of sets available in strict mint state is much less as many sets have been broken or mishandled.

With the growing demand for commemoratives, we are certain these original "problem free" Mint State 60 sets will be fast sellers. Place your order today for this lustrous set. By delaying, you only increase your chances of receiving a sold-out! Your total satisfaction is guaranteed!

Popular Vatican Silver —

At Below Catalogue!

Actual size approximately 23 mm.

Vatican City has a rich history of issuing beautiful coins. One of the most attractive of all is the silver 5 Lire struck for just three years, 1939 through 1941. Featuring the bust of Pope Pius XII, this coin has quickly become a favorite of world coin collectors.

Because of his liberal beliefs and efforts on behalf of prisoners and displaced persons from the Second World War, Pope Pius XII was held in world esteem. He advocated international cooperation and paved the way for the accomplishments of Pope John XXIII and the Ecumenical Council.

In 1977, we offered Pope Pius' first year of reign 5 Lire coin, 1939, and nearly sold out. Now we have been fortunate to locate a few Mint State 65 specimens of the equally popular 1940 5 Lire coin. Both dates have the same low mintage of just 100,000 pieces and both catalogue for $25. While they remain, we are making both coins available for *below catalogue* — just $22.50 each. With the growing number of world coin collectors, these silver coins will probably go fast. Order yours today!

Underpriced?

How much should a brilliant MS-65 United States half dollar with a mintage of just 6,006 pieces sell for? Five hundred dollars? Eight hundred dollars? Twelve hundred dollars? More?

In October, 1921, 6,006 Alabama commemorative half dollars with a "2X2" in the obverse field were struck. Yet, despite a one-year design, low mintage, choice MS-65 quality, and great historical interest, this beautiful coin may be added to your collection for the surprisingly low price of just $395!

The Alabama commemorative was issued to commemorate the one hundredth anniversary of the admission of the State of Alabama to the Union. It is the first United States coin to bear the portrait of a living person — Alabama Governor Thomas E. Kilby. The "2X2" emphasizes Alabama's ranking of being the 22nd state to join the Union.

How much do *you* think this attractive, low mintage coin should sell for? If you were like many collectors who probably guessed several hundred dollars, you were pleasantly surprised at our remarkably low price. Order today before the price you guessed becomes a reality!

1897-P MORGAN DOLLARS

A Very Low Mintage Date
Available by the Roll for a Limited Time

Here is a date that is the most overlooked and underrated of all the inexpensive dates in the Morgan series. The mintage of 2.8 million is quite low. Many other dates with similar or higher mintages sell for substantially more.

As a date, the 1897 usually is flatly struck displaying rather dull lustre. These characteristics are typical for 1897-P's.

We have slightly over 1,000 pieces available from original mint bags. All are mint state, the majority being MS-60 and maybe a few MS-60+'s.

Last year's 1978 *A Guide Book of United States Coins* gives a value of $15 for "Uncs" (MS-60's). Our normal price is $16 for such coins. As we write this ad, we have no idea what price will appear in the 1979 Red Book, due out around July 1.

While they last, we will sell 20-coin rolls for $269. That's $13.45 per coin. Who knows what these might sell for five years from now. (Five years ago, MS-60's sold for $9-$10 each.)

Order your roll today.

1897-P Morgan Dollars, Roll of 20, Mint State 60 Guaranteed $269.00

NOTE: These are available at this price only by the roll. Singles may be purchased for $16 each. All these dollars carry our standard SIX-MONTH MONEY BACK GUARANTEE, too.

1937 Quarter — A Proven Performer

According to the 1973 and 1978 editions of the Red Book, the 1937 Washington quarter in mint state has increased an impressive 167% in value in just five years. Is this the type of performance you would like to see in your collection?

Paramount's rare coin buyers have recently returned from a midwest coin show. Among their many purchases was an original roll of 1937 quarters in brilliant mint state. While they last, we are making this roll available on an individual coin basis for just $21 each. Be certain to add this coin to your collection before it experiences another dramatic increase in value!

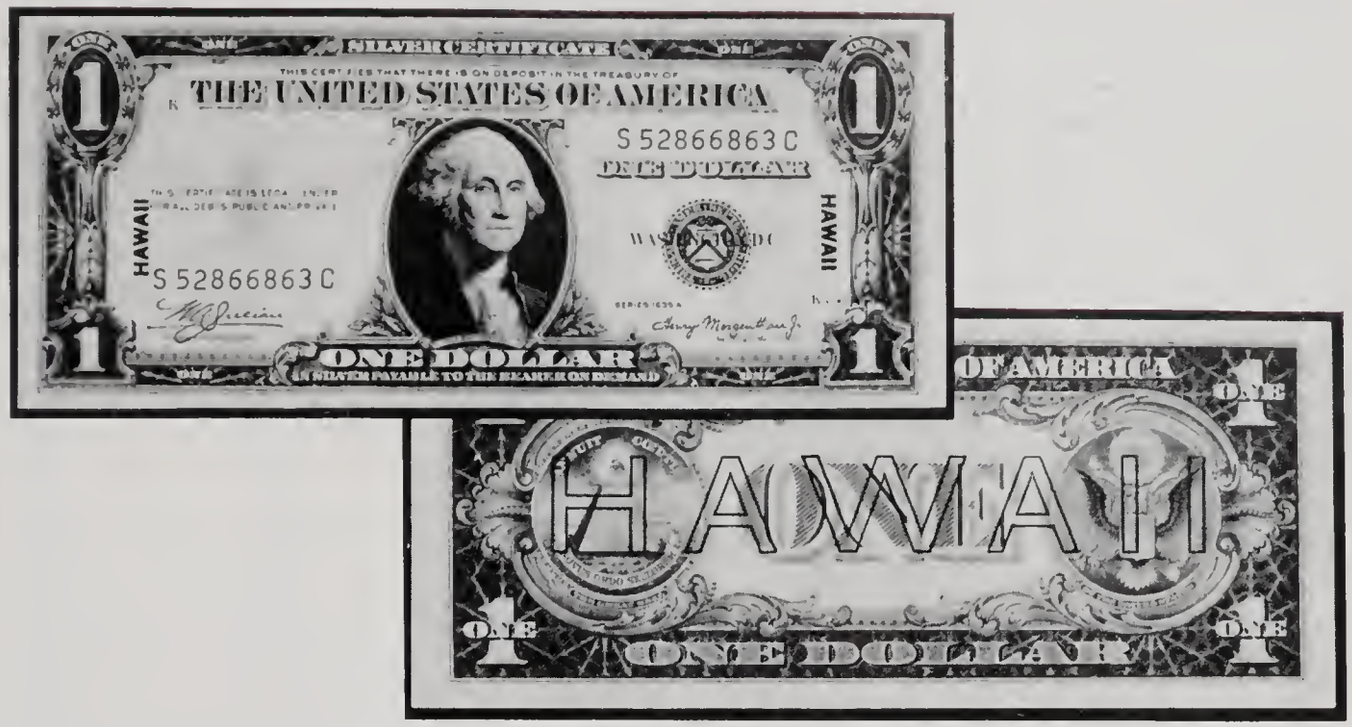
World War II Emergency Currency



In the early days of the Second World War, there was a strong possibility the Hawaiian Islands would be captured by the Japanese. As a precaution against their capturing large amounts of American currency and using the money to damage our economy, the U.S. Treasury printed special currency for use in Hawaii.

The object was to make the currency easy to identify — if large amounts fell into enemy hands, the U.S. could declare the notes worthless. First, the Treasury Seal and serial numbers were changed from the normal *blue* (Silver Certificates) to *brown*. Also, the word "HAWAII" was overprinted vertically on the front and in large block letters on the back.

No paper money collection can be complete without these fascinating and historically important notes, which are still fully legal and redeemable. Available for just $24.50 each in crisp, Uncirculated condition, you may save $4.50 by ordering two *consecutive serial numbered* notes for only $44.50. Order today; our supply will not last long at this price!

Special Notice: Due to the various lead times involved in printing and mailing plus the fact the silver dollar market is extremely active, there is a possibility we may not be able to completely fill your order when it arrives. Therefore, if possible, please list alternate choices. Refunds will be sent on orders which cannot be completely filled. Some dollars you receive may exhibit original toning. This toning in no way decreases their value; in some instances it may actually enhance it. We feel silver dollars should be kept in their natural state. We recommend you do not attempt to clean any toned dollar you receive from us.

Czarist Gold

Gold coins of all nations have been enjoying an increasing popularity among collectors. Everywhere you look, you can see evidence of this strong demand.

Russian gold continues to be an all-time favorite. Whenever this two-piece gold set is offered, we are literally swamped with orders. The 5 and 10 roubles of Nicholas II, the last Russian czar, represent the last gold coins issued before the Russian revolution in 1917. This makes them highly sought after as type coins.

The 5 rouble was minted between 1897 and 1911 and the 10 rouble between 1898 and 1911. Due to a recent purchase, we were able to obtain several dozen sets of the 5 and 10 roubles which we are offering for sale at this time. These coins will grade Very Fine or better and each set will be carefully matched to insure your complete satisfaction. We might stress that Russian gold is very popular and an early order on your part might avoid disappointment.

Still Beautiful After 40 Years

In 1935, the San Francisco Mint struck a commemorative half dollar of such beauty that it is still considered by collectors as one of the highest achievements of Twentieth Century United States coinage design. This exquisite coin is the San Diego half dollar, issued to commemorate a world's fair held in San Diego, California's oldest Spanish settlement. It features the seated figure of Minerva (the Roman goddess of Wisdom) on the obverse, along with a shield and bear. Interestingly, the shield shows the word EUREKA (I have found it), an obvious reflection of the California gold rush. The reverse features the State of California Buildings at the Exposition with the date and mintmark of issue.

We have in stock several choice examples of the 1935-S San Diego half dollar — each and every coin sharply struck. These coins have been left virtually untouched for 43 years and would please the most demanding collector. Supply is quite limited, so an early order is recommended.

A Music Box Stamp for Collectors

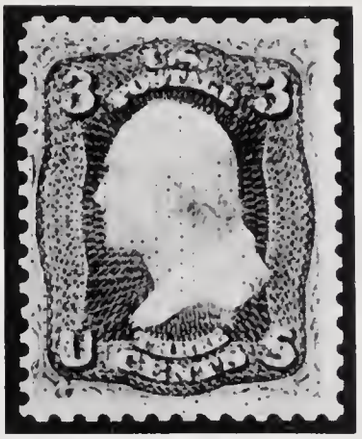

Photo enlarged.

Essay stamps are to Philatelists as pattern coins are to Numismatists. Both represent experimental designs. Both were produced in extremely limited numbers. And neither were released for the public's use. But pattern coins often sell for hundreds of dollars (sometimes *much* more), while many essay stamps can still be purchased for reasonable prices. But this difference will not last forever. Essay stamps are increasing in popularity and prices are rising!

Paramount is proud to offer the extremely scarce and popular "Music Box" grill essay with points down. To produce this grill, a cylinder with small pinholes was rolled over the stamps. The points slightly puncture the paper, making the stamp more absorbent of the postal cancellation. That way, it would be more difficult to erase the cancellation in order to reuse the stamp. In retrospect, the Post Office was overly concerned about citizens trying to erase postal cancellations, and the costly grilling experiments were discontinued after a short time.

The "Music Box" grill essay we offer has the points down, meaning the grill cylinder was rolled over the obverse side of the stamp. This variety is much scarcer than the points up variety. Each stamp we offer is post office fresh and never hinged — the utmost in condition. As always with a grilled stamp, a few perforations will be irregular — the grill points weaken the perfs. But this is normal, and does not detract from the scarcity, desirability, or potential of this essay.

Order today to be sure of adding this extremely scarce "Music Box" grill essay to your collection or portfolio. Remember, pattern coins once sold for under $100. Today, they often sell for hundreds of dollars (and more!). Mail your order today.

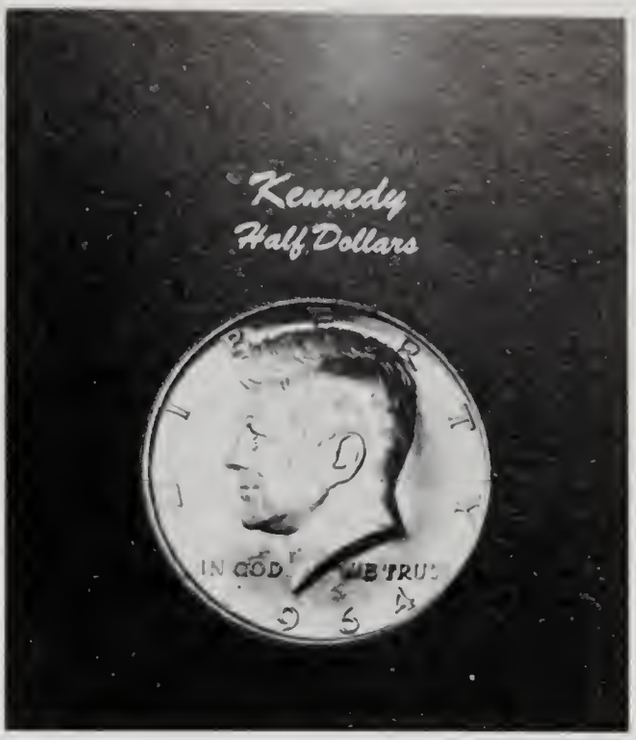
The Kennedy Collection



In the near future, Congress will have to answer some tough questions concerning this nation's coinage. One of the problems it will have to face is the possible elimination of the half dollar denomination. TOTAL ELIMINATION!

The Kennedy half dollar has only been issued for just a few short years. Yet in that short time, it has experienced frequent change. For example, in 1964, the Kennedy half dollar was composed of 90% silver. The following year, its silver content was reduced to 40%, and finally in 1971, all silver was removed. In addition, the design of the Kennedy half dollar was changed for two years in celebration of the Bicentennial.

With its possible elimination in sight, now may be a good time to give serious consideration to the Kennedy half dollar. We currently have several twenty-six piece Kennedy coin sets available for just $99 each. These sets are mounted in a deluxe bookshelf style album and will include a mint state example of every half dollar issued for circulation from 1964 through 1976. Also included will be eight popular *proof-only* San Francisco issues dated from 1968 through 1976. Further, each set will contain the scarcest of all Kennedy half dollars — the silver 1970-D! This coin was originally available only as part of the 1970 mint set, and like the proof-only issues, *none were released for circulation!*

Its elimination could easily create a strong demand for the Kennedy half dollar. Don't wait until this happens! Place your order for this attractive set *today*.

Smaller Than A Dime!

One of the world's smallest coins is the 1874 1¼ centavos from Colombia. While occasionally encountered in circulated condition, mint state specimens are rarely seen. Small enough to be hidden by a dime, the few pieces we have in stock are completely original and would fit well into any collection. Take advantage of this offer by ordering your 1874 Colombia 1¼ centavos today. Once they are gone, you may not have another chance!

The Spanish Trail:
A Monument to Human Endurance

Hostile Indians, swamps, starvation and slavery — a few of the many hardships endured by Cabeza de Vaca on his expedition from Florida to Texas. After failing to find "gold and riches", de Vaca and his troops headed west for the Spanish colonies in Mexico. But a hostile environment and poor preparation took the lives of all but four of the original landing party.

Minted exclusively in 1935, the Spanish Trail half dollar boasts a low mintage of only 10,008 and stands as a lasting tribute to the trek of Cabeza de Vaca. And they are ever so popular with collectors! Just five years ago an Uncirculated Spanish Trail half dollar sold for $250. Today its price has more than doubled, and choice coins are harder than ever to find!

Take this opportunity to add a Mint State 65 Spanish Trail commemorative half dollar to your collection. Our quality is tops, our price is right and we can deliver! Remember, your VISA (BankAmericard) or Master Charge are always welcome at Paramount. Send for your Spanish Trail half dollar today.

Carson City's Last Hurrah

In 1893, the last Carson City silver dollar ever to be struck was placed in a canvas bag. This bag was then sealed and sent to its now unknown fate. An era had ended. The great Nevada silver mines had been played out — the "Wild West" had been tamed. No coins were ever to come again from the historic Carson City Mint.

Among the coins in the Redfield Collection were a small number of beautiful 1893 Carson City silver dollars. Out of a total of 677,000 pieces, it has been estimated that a mere 3% remain today in mint state!

As a silver dollar collector, you know the value of QUALITY. As the world's largest supplier of mint state silver dollars to collectors, we also know the value of QUALITY. This is why our rare coin experts have *hand-selected* a few superior specimens of the 1893-CC silver dollars — each a full Mint State 65. And we are offering them to YOU.

Today's collector is "quality conscious". The 1893-CC Redfield silver dollars we offer are for that collector. Order yours today.

Hand Selected Toned Dollars

This offering is for the silver dollar connoisseur who understands the desirability of *original toning*.

One of Paramount's more recent purchases was an original bag of mint state 1886 Morgan dollars. What made this purchase extra special was that many of the dollars were attractively toned. From this original bag, Paramount has *hand-selected* only the finest Mint State 65 dollars to be offered to you. Each dollar we offer is toned either on the obverse or reverse. Toning may run from light steel grey to vivid purple or red. Less than two rolls are available — reflecting the care and strict standards our silver dollar experts used when selecting them.

UNITED STATES C

206% Increase in Value in 10 Years

United States commemoratives are known throughout the world for their exquisite beauty and detailed workmanship. They form one of the most interesting and most beautiful series imaginable. As a result, they have experienced an impressive increase in value during the past ten years. According to the respective editions of *A Guide Book of United States Coins* (Red Book) by R. S. Yeoman, the fifty-piece commemorative type set increased 206% in value between 1968 and 1978. Since 1973, it has increased 125%. This increase in value is greater than that of many other investments over a similar period of time. Realizing this *proven performance*, many investors are now including United States commemoratives in their portfolios.

Despite this increase in value and popularity, many believe these commemoratives still have not begun to approach their potential! Low mintages (often less than 20,000), unique designs, and historical interest are just three reasons why many insist the future of commemoratives lies ahead.

Below, and on the following page, you will find six United States commemoratives offered for your consideration. Each has been selected for their past performance, beauty, and quality. Any one is guaranteed to please the most demanding collector. Place your order today while choice Mint State specimens can still be located. If their future performance is like their past performance, you will be glad you did!

1937 Antietam

Mintage: 18,028

One of the bloodiest battles of the Civil War, Antietam, was commemorated with this 1936 half dollar. It was this battle which led Abraham Lincoln to issue his famous *Emancipation Proclamation*. Generals Robert E. Lee (Confederate) and George McClellan (Union) are depicted on the obverse. Burnside Bridge, site of the fiercest fighting of this historic battle is on the reverse.

Red Book values show that this intricately designed coin has more than doubled in value during the past ten years. Considering its low mintage and historic appeal, many people believe the Antietam half dollar will become one of the keys of the United States commemorative series.

1935 Connecticut

Mintage: 25,018

The famous Charter Oak dominates the obverse of this half dollar which was issued to commemorate the 300th anniversary of the founding of the Colony of Connecticut. It was during a period of political unrest in 1687 that the Charter of Connecticut was supposedly hidden in this tree for safekeeping. The reverse features a striking stylized bald eagle. A survey of the values in the 1968 and 1978 editions of the *Red Book* shows a remarkable 242% increase in value for this coin. Impressive increase such as this is one reason why many collectors and investors are turning to United States commemoratives. Be certain to order your Connecticut commemorative today!

1936
Elgin

Mintage: 20,015

This half dollar was issued to mark the 100th anniversary of the founding of Elgin, Illinois. Proceeds from the sale of this coin were used for the erection of a heroic Pioneer Memorial which is depicted on the reverse. The obverse portrays the bust of a man, representing an early pioneer. A 192% increase in *Red Book* value over the past ten years distinguishes this coin. Because of its low relief, attractive Mint State 65 specimens are not easily found. Fortunately, our buyers recently located a select roll of MS-65's. While they last, we are making them available for just $130. Order yours today!

1936 Elgin Commemorative, Mint State 65 ..... $130.00

1920
Maine

Mintage: 50,028

The Maine Centennial commemorative half dollar is the work of Anthony de Francisci, designer of the Peace silver dollar. Its design is based upon specifications given by the state. The State Arms is on the obverse and a wreath made of pine is on the reverse. Originally intended to be sold during the Centennial Celebration in Portland, Maine, the coins arrived too late and were instead sold by the State Treasurer.

From 1968 to 1978, the Maine commemorative shows a very impressive gain in Red Book value — 233%! This increase, in addition to its low mintage of just 50,028, are two important reasons why you should add this coin to your collection *now*.

1920 Maine Commemorative, Mint State 65 ..... $105.00

1936
Long Island

Mintage: 81,826

Designed by Howard Weinman, son of A.A. Weinman (designer of the Walking Liberty half dollar and the Mereury dime), the 1936 Long Island eommemorative half dollar stands as a lasting tribute to the first settlement on Long Island by Dutch eolonists. The obverse features the eonjoined busts of a Dutch settler and an Indian, while the reverse shows a Duteh sailing vessel in full sail.

This eoin received widespread distribution. As a result, many speeimens show evidenee of mishandling or circulation. The coins we offer are *strictly mint state*. With a 186% increase in Red Book value over the past ten years, an early order is recommended.

1936 Long Island Commemorative Mint State 65 ..... $49.00

1934
Maryland

Mintage: 25,015

The 300th anniversary of the founding of Maryland by Lord Baltimore was commemorated in 1934 with this specially designed half dollar. Ceeil Calvert, Second Lord Baltimore, appears on the obverse; the arms of the State of Maryland appear on the reverse.

This was the first commemorative to be issued of those authorized by the Roosevelt administration. Over the past ten years, this attraetive coin has increased 157% in Red Book value. Yet, despite this increase, the Maryland commemorative is still available at a remarkably low price! Be certain to make this coin one of the first you add to your collection!

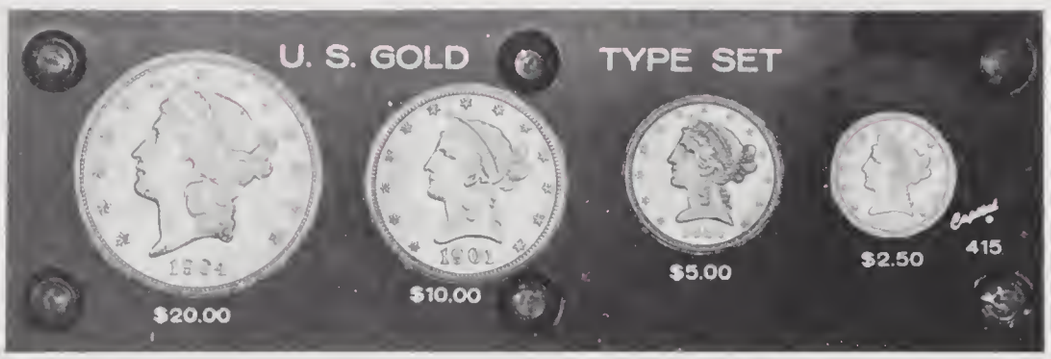
GOLD



AN ITEM OF LASTING BEAUTY

Gold — the ultimate acquisition. There is not a collector alive who would not like to see brilliant, glistening gold in their collection.

We have carefully assembled two different United States gold type sets, each containing a $2½, $5, $10, and $20 gold coin in brilliant uncirculated (Mint State 60 or better) condition. The first set will feature coins with the classic Liberty Head design. This design was used from the late 1830's into the twentieth century. The second set includes the popular $2½ and $5 gold coins with the incuse Indian Head design. (They were the only coins issued by the United States whose design was actually *below* the surface of the coin.) Also included is the $10 Indian Head gold coin and the magnificent $20 Saint-Gaudens. The Saint-Gaudens is often referred to as the most beautiful coin ever issued by the United States, and one of the most beautiful in the entire world.

Either set would make a handsome addition to any collection — an addition certain to bring enjoyment and pleasure for many years to come. Gold. You've heard so much about it. Now, it can be yours.

But at a recent major New York auction, Paramount Philatelics obtained a beautiful sheet of one hundred of this very popular stamp. The FIRST Silver Five: $29.00

Can You Believe This?

In today's world of large mintage figures and record prices, it is refreshing to learn that a forty-one year old coin with a mintage of just 12,008 can be purchased from Paramount in Mint State 65 condition for only $65. This coin is the beautiful 1937-D Oregon Trail Memorial commemorative half dollar.

To realize just how remarkable this price really is, just compare the 1937-D Oregon Trail half dollar to the 1937-D Walking Liberty half dollar. Struck at the same mint in the same year, the Oregon Trail's mintage is *less than one percent* of the Walking Liberty's, but in MS-65 condition, the Walking Liberty sells for *over four and one-half times* its Oregon Trail counterpart! Obviously, a larger number of mint state 1937-D Oregon Trails survived than Walking Liberties, but we feel this fact does not detract in any way from the desirability of the Oregon Trail commemorative.

United States commemoratives offer the collector the opportunity to acquire low mintage coins at a very attractive price. The 1937-D Oregon Trail is just one example and would be the perfect coin to start such a collection. Order today.

A RARE Offering — The 1965 Greek Proof Set

For the first time in nearly two years, we have been able to repurchase sufficient quantities of the 1965 Greek Proof Sets to offer them to our customers. This is a low, low, *low* mintage set —only 4,987 were minted — and it is the *only proof set ever issued* by Greece. Additionally, these were the last regular Greek coins to feature a portrait of King Paul I.

The historic and numismatic significance of Greek coinage is unsurpassed when we realize that, among the other major contributions of ancient Greek culture, *Greece is the birthplace of coinage.* This modern proof set carries on a cherished tradition.

Each set contains seven coins in denominations of: 10 lepta, 50 lepta, 1 drachma, 2 drachmai, 5 drachmai, 10 drachmai and 20 drachmai. The 10 lepta coin bears a crowned wreath of olive leaves around a central hole, the other coins all bear a bust of King Paul I, King of Greece from 1947 to his death in 1964. The 20 drachmai is 26 mm in diameter, weighs 115 grains, and is composed of .835 silver.

The 1965 Greek Proof Set is so difficult to obtain that it has taken us almost two years to acquire enough sets to make them available to you. However, our supply of the Greek sets is still extremely limited. Orders will be filled on a first-come first-served basis, of course. You must get your order in early to avoid disappointment. Send it today.

U.S. Type Gold — Individual Pieces

The most popular way to collect U.S. gold coins is to assemble a Type Set. A Type Set includes a representative example of each major design and denomination. Thus, a Type Set of Double Eagles ($20 gold pieces) will contain only two coins: A Liberty Head and a Saint-Gaudens.

The price of gold has been in the news recently and many new collectors have found that Paramount offers the widest range of grades and prices for gold coins in the numismatic world. This is only natural, as Paramount's multimillion dollar inventory and unsurpassed reputation for accurate grading and fair prices are well known to experienced collectors! When you shop at Paramount for gold coins, your satisfaction is guaranteed!

THE LAST OF THE 90% SILVER DOLLARS

Paramount is offering YOU the opportunity to be a proud owner of a *complete* set of Peace dollars — at a *down-to-earth price!* Each set is composed of a Peace dollar of *every date* and *every mintmark* issued from 1921 through 1935.

The coin which starts this set is the scarce and highly desirable 1921 Peace Dollar — the only true high relief dollar ever struck. With a mintage of one million, this coin is just the beginning of a veritable treasury of *low mintage silver dollars!* Fourteen of these dollars have mintages of under two million of which four are under one million. This includes the *scarce* 1928 Philadelphia issue — a Twentieth Century rarity.

Every coin contained in these sets has been hand-selected and approved by Paramount's silver dollar experts. The only coins which they approved were those grading Fine 12 *or better.* Also, they guarantee that at least one silver dollar in each set will be mint state.

You will be proud to own and display one of these Peace Dollar sets. Each comes mounted in a deluxe bookshelf style album for your viewing pleasure. We know you will be pleased. Mail your order today.

Complete Peace Dollar Collection, 1921 through 1935, 24 Coins, Fine 12 to Mint State 60, Mounted in Deluxe Album $375.00

Norse-Americans

This handsome set was issued in 1925 to commemorate the 100th anniversary of Norwegian immigration to the United States. Because of the enormous demand for early mint U.S. commemoratives, this fifty-three year old set has become extremely difficult to locate, especially in choice mint condition. A proven performer in the marketplace, now is the time to add this set to your collection. We are currently offering Mint, Never Hinged sets in FINE or better for only $30. Order early to avoid disappointment.

Scott #620-621, Mint, Never Hinged, FINE or Better $30.00

ARE YOUR INVESTMENT DOLLARS WORKING AS HARD AS YOU ARE?

In this world of fast paced living there are few things that can be counted on. One is of course taxes, another is our spiraling cost of living. Yes, inflation is capable of consuming your savings, threatening your standard of living and most importantly, minimizing the value of your retirement portfolio. There are very few investments with a growth potential steadier and faster than the march of present day inflation. A six or eight percent return on your investment does not even put you ahead of daily rises in the cost of living. There are many investments to be made but few return profits greater than ten to twelve percent a year.

There is, however, an increasing number of investors who have found a way to neutralize the rise in the cost of living and earn more than inflation takes away. They are realizing fifteen to twenty percent or higher per year on their investments, over long periods of time. The investments they are making? RARE COINS!

The Paramount Investors Club is the perfect vehicle to assist you in assembling a potentially profitable collection of rare coins. By joining the Paramount Investors Club you are assured of getting high quality coins at fair market prices. And to guarantee this fact, we enclose with each shipment of coins a certificate of authenticity which is your iron-clad guarantee that each coin you receive is fairly priced, properly attributed and correctly graded. This certificate is personally signed by an expert member of our professional staff who has carefully selected and examined the coins sent to you.

Members also have the first opportunity to purchase the choicest and most desirable coins from Paramount's unmatched inventory that is worth in excess of five million dollars. There are other important advantages to belonging to this unique club. If you have a retirement plan, you may be able to invest for your profit sharing or pension trust. Also, the profits made on your rare coin investment are eligible for taxation at favorable capital gains rates.

Many people are now building investment portfolios of rare coins that should provide them with outstanding profit potential in the years ahead. We think the Paramount Investors Club is perhaps the best way to do just this. Don't you think you should join them?

Quality Coins Will Be Selected For You By Our Professional Staff

Carefully assembled collections of high quality rare coins have often brought their owners two, three, or four times the original price paid within less than ten years! Many people have assembled such collections by carefully studying coins, learning how to accurately grade them, knowing the genuine from the counterfeit, and by knowing which coins are particularly scarce and underpriced. In short, they have acquired their collections by being knowledgeable numismatists. But it takes time to gain this kind of in-depth knowledge and most people in today's fast paced world do not have that much time to spend.

For our customers, the Paramount Investors Club and Paramount International Coin Corporation are the perfect answer. By becoming a member of this unique Club, you will be able to utilize the knowledge and experience of the most respected company in the numismatic field to help you assemble your collection of rare coins.

It is easy for you to become a member of the Paramount Investors Club. Just fill out and mail the attached Membership Application Form. A member of Paramount's experienced and professional staff will then personally select coins for you that he feels offer maximum investment potential. Each coin will be individually graded, priced, and sent to you for your approval. You will be the final judge as to whether or not the coins are suitable for your collection. If any are not completely satisfactory, you need only return them within 30 days for an immediate replacement or substitution. You do not make payments in advance and you only pay for the coins you decide to retain. The amount you wish to spend on your collection may be increased and decreased at your discretion, and membership in the Paramount Investors Club may be cancelled without obligation at any time.

As a member of the Paramount Investors Club you will receive prompt, personal attention to all your questions and requests. Your collection will be continually reviewed by a member of the Paramount staff and you will be given the first opportunity to purchase the most desirable coins from the millions of dollars worth of rare coins that Paramount handles every year. You will automatically receive special price lists and other publications that will keep you abreast of the exciting rare coin market.

Our staff at Paramount International Coin Corporation invites you to join the Paramount Investors Club. By doing so, you will be taking the first step toward assembling your own high quality collection of rare coins.

NOTE: For the best possible results, rare coin investment must be considered on a long-term basis (five to ten years).

The Rare 1975 French Pie'fort Set

French pie'fort (pee-aye-for) coins trace their history to the 12th Century. They were originally issued as examples of new coinage designs. Modern pie'forts are regular designs struck on extremely thick planchets of various metals including gold, platinum, and silver.

Until 1967, pie'forts were generally not available to the public. Now, an extremely limited number of pie'forts are publicly sold, although this number is much less than actual demand.

The 1975 pie'fort sets we offer contain nine coins, each composed of .925 fine (sterling) silver. The coins included in these sets, and their mintages, are as follows:

DENOMINATION	MINTAGE	DENOMINATION	MINTAGE
1 Centime	250	1 Franc	250
5 Centimes	250	5 Francs	250
10 Centimes	250	10 Francs	500
20 Centimes	250	50 Francs	1,000
½ Franc	250		

Obviously only 250 complete sets could be assembled. Each coin has its own serially numbered certificate of guarantee stating fineness, mintage, etc., and although individually packaged, an attractive display case is also included with each set.

This is one of the few opportunities you will ever have to buy pie'forts. Remember, only 250 complete silver pie'fort sets, dated 1975, could be assembled! Order your set today as our supply of these is *extremely limited!*

1975 French Pie'fort Silver Set $549.00
